## **HOME/SCHOOL CONNECTION**

B# 1 \* O.C. . \* B# .

## **Making & Separating Mixtures**

- 1. Define Mixture:
- 2. Define Solution:
- 3. Can a mixture be separated? \_\_\_\_\_ How?
- 4. Can a solution be separated? \_\_\_\_ How?

## Will it dissolve?

Try to make solutions using water and other solids around your home. Some possible examples include flour, Epsom salts, baking soda, alum, pepper, and sugar. *Be sure to work with an adult and use safety precautious!*
